

Quiz Answer Sheet

Your Answers

tick off your answer A, B, C or D

1

A

C

B

D

2

A

C

B

D

3

A

C

B

D

4

A

C

B

D

5

A

C

B

D

6

A

C

B

D

7

A

C

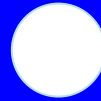

B

D

Your Score

tick off one energy step for each correctly answered question, starting at the bottom

7000000000000 eV
full beam energy of the LHC

172900000000 eV
mass of the top quark

91187600000 eV
mass of the Z-Boson

938272013 eV
mass of the proton

105658367 eV
mass of the muon

2500000 eV
mass of the up quark

510999 eV
mass of the electron

0 eV
