

28.01.2013

Dear All,

Welcome to the Masterclasses 2013. :)

Please read carefully the lines below, they contain important information about your participation.

Accounts:

Participants of last year can use the same account. For new participants new accounts are being created (where a mail is sent with the credentials).

Minimum Requirements:

The network bandwidth available on your local network to have a good participation should be minimum 128kbps up/downstream dedicated to your terminal. Note that this is the minimum, to get and at least audio in good conditions.

In case you are not sure about your firewall settings, please send this information to your network admin:

<http://information-technology.web.cern.ch/services/fe/vidyo/info/firewall-configuration-vidyo-desktop>

Check this for minimum requirements for PC, Mac (and mobile in case):

<http://information-technology.web.cern.ch/services/fe/vidyo/full>

Types of Setups:

Office (1 - 2 persons):

1 PC + camera + Headphones or Speakerphone (~ 200 €)
